Capital City Gardens Rehab and Nursing Center

Rehabilitation Outcomes Summary Report

Christopher Wolpe admitted to Capital City Gardens Rehab and Nursing Center on December 26, 2024 under the care of Deepa Mathur. During the course of the stay, Occupational Therapy, and Physical Therapy were initiated to efficiently and effectively identify Christopher Wolpe's unique needs and tailor specialized treatment plans to successfully transition to the next level of care.

The therapy team provided skilled interventions to address the adaptation, compensation, and restoration potential of Christopher Wolpe and coordinated with the interdisciplinary team to ensure appropriate clinical care areas were addressed. On January 14, 2025, Christopher Wolpe successfully discharged to home.

The rehabilitation length of stay was 20 days.

Overall Composite Score Outcomes

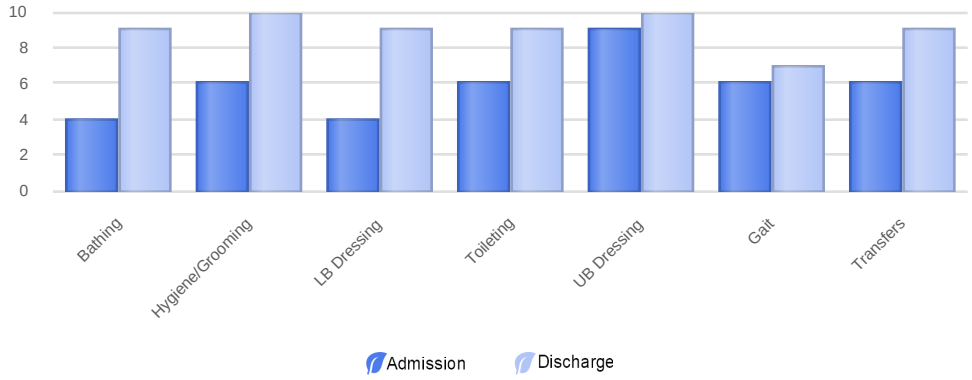
Rehabilitation outcomes are assessed on a 10-point rating scale. 10 is the most independent level of ability, and 1 is the most dependent level of ability. A score of 0 may represent an inability to perform the task. The Model 10 Composite Score represents Christopher Wolpe's overall outcomes.

Model 10 Composite Score Overview

Functional Outcome Level Upon Admission	5.9
Functional Outcome Level Upon Discharge	9.0

Rehabilitation Outcomes Details

Model 10 3.0 ™
ADAPTATION > COMPENSATION > RESTORATION



Thank you for the opportunity to care for Christopher Wolpe.
